Timberchain is.....

For exporters, Timberchain is an online tool that tracks the movement of timber volumes from the concession to the customer

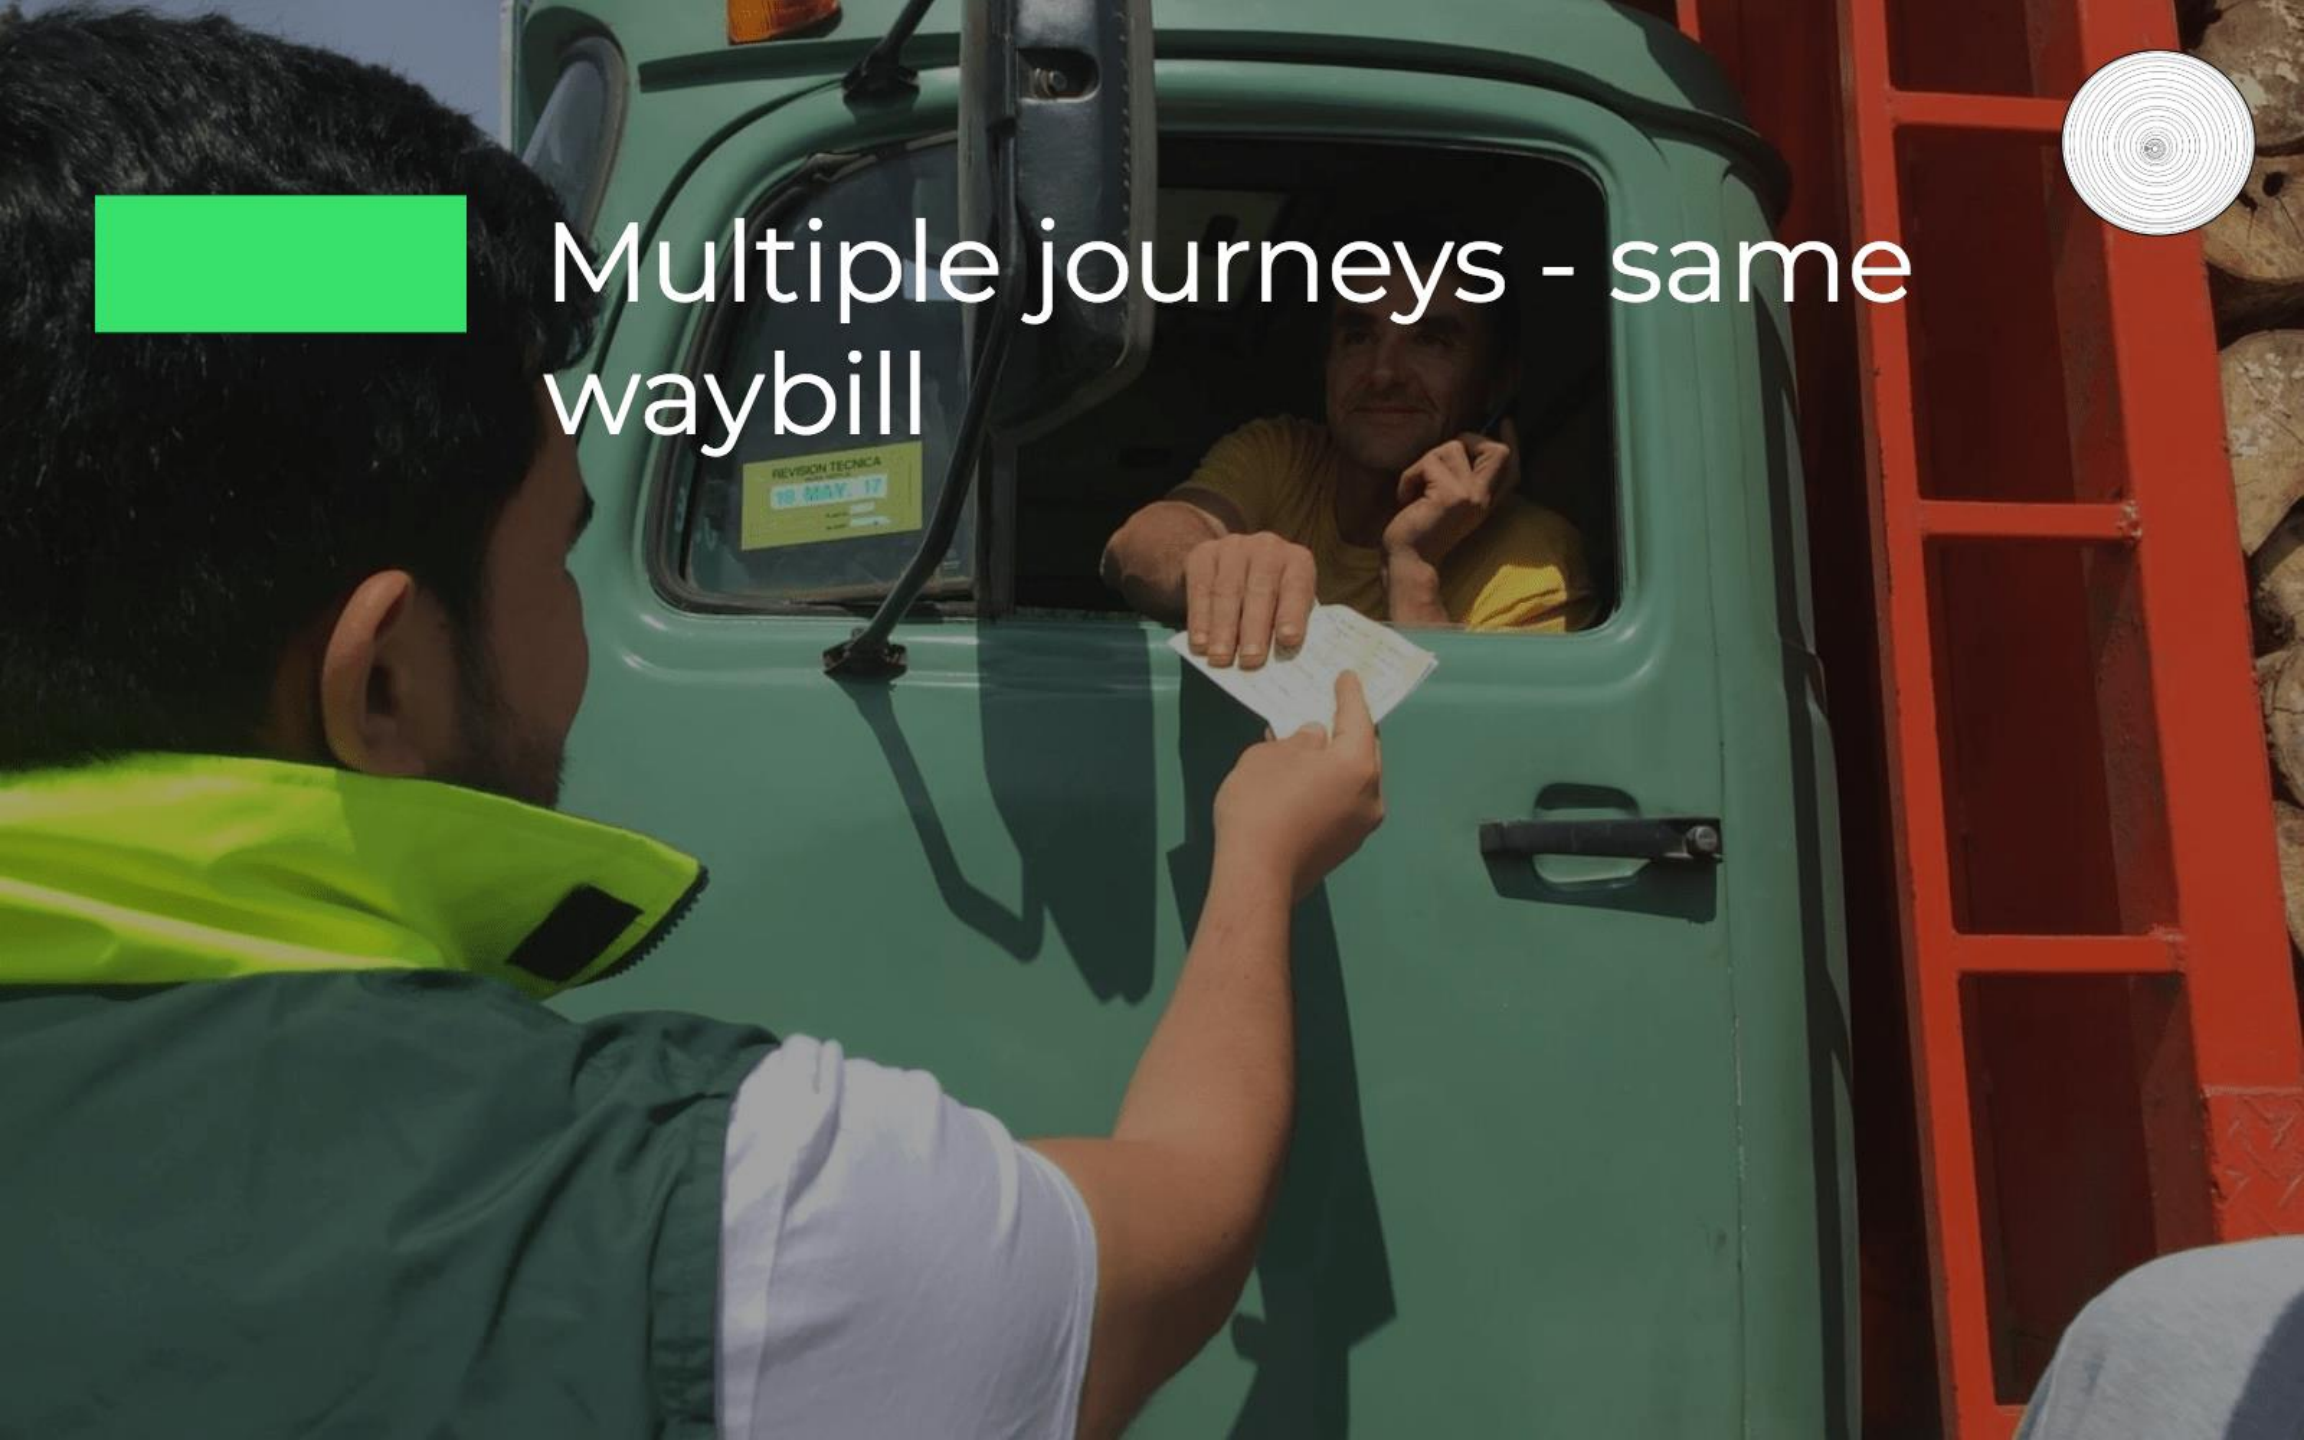

For importers, Timberchain provides a 'Digital Passport' for every consignment of timber imported - supporting other due diligence activities

For customs agents, the 'Digital Passport' is proof of legal origin.

Strong legal framework

Multiple journeys - same
waybill

High levels of pollution

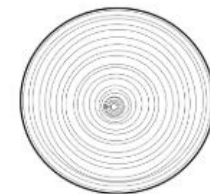

24% of Chile's energy comes from
firewood

Damp, temperate rainforest

Promoting legal timber

Create a Digital Passport and
prove the legal origin of your
timber.

[Click here to view a Digital Passport](#)

Timberchain is an online chain of custody tool providing importers and exporters with a low cost traceability system to help promote legal timber.
